3. Reason for revision

In accordance with the Company's policy on shareholder returns, which calls for a steady increase in dividend payout ratio to 50% or higher by FY2027, and after comprehensively considering our business performance and other factors, the Company has decided to increase the annual dividend per share for the fiscal year ending March 31, 2026, by 6 yen from the initial forecast to 78 yen (resulting in an increase of 18 yen from the previous fiscal year) in order to meet the expectations of our shareholders. Both the interim and year-end dividends are to be increased by 3 yen each, resulting in 39 yen per share respectively.

The (consolidated) dividend payout ratio for the year ending March 31, 2026 is expected to be 49.1%.
